

# Oman

Background	The inhabitants of the area of Oman have long prospered from Indian Ocean trade. In the late 18th century, the nascent sultanate in Muscat signed the first in a series of friendship treaties with Britain. Over time, Oman's dependence on British political and military advisors increased. In 1970, QABOOS bin Said Al-Said overthrew his father, and during his 50-year rule ushered Oman into the modern age.
