

Georgia

Background	Georgia once contained the ancient kingdoms of Colchis and Kartli-Iberia. Many powers have since dominated the country, including the Russian Empire in the 19th century. Georgia was forcibly incorporated into the Soviet Union in 1921 and regained its independence after the Soviet collapse in 1991. Georgia achieved EU candidate status in December 2023.
Capital	name: Tbilisi
Government type	semi-presidential republic
Area	total : 69,700 sq km land: 69,700 sq km water: 0 sq km
